

Fred Young

To Mom

Everything start out OK. But after two week and all the exercises that we have to do, not to mention if someone screws up we have to do more, I am not sure if I really want to be here.

After catching me crying my drill sergeant explained to me what is expected of me. Being a young kid and never being on my own before, I felt a little homesick, plus I miss my girlfriend. But Mom I think I will stick it out and stay.
